REPUBLICANS, don't nominate any whiskey bottles for office.

Don't nominate any man for office who did not vote the Republican ticket in 1876.

Let a man show his sincerity to the Republican party by his works before he asks for office.

Let us have a legislative ticket that will do credit to the Metropolitan county of the state.

REPUBLICANS, if you nominate a man for office and he defaults the disgrace falls upon you.

Candidates for Register of Deeds, you can have the use of the columns of the Post if you pay for it.

If a man is simply a Republican for office he will go back to the Democratic party as soon as you discard him.

Give us representatives in the legislature who will be able to represent the interest of the city of Wilmington.

Vote for none who will not state before hand, that they will submit their claims to the convention and abide by its decision.

Persons who want office should not be allowed to go around with a whiskey bottle in one hand and a handful of money in the other.

Colored men, see to it that you are not led astray by designing men, those who have nothing to lose by your downfall, but all to gain.

No one man has any right to claim the party; we have about 3,600 voters in New Hanover county, and no one of them can be bought or sold.

The Republican party must stand up for good men, those who are reliable, honest and capable, to fill the positions for which they are nominated.

REPUBLICANS, the only advice the Post gives you in your selection for office, is to see that you nominate honest capable men, and true Republicans.

REPUBLICANS, we want honest, sober and truthful men in office, those who will do the party justice and not abuse their trust. See to it that such men are nominated.

Candidates for Sheriff, the columns of the Post are open to you. You will only be charged advertising rates to state your claims, but no personalities are allowed.

Give us an honest and efficient sheriff, an upright and sober Clerk of the Superior Court, a qualified Register of Deeds, but above all, don't forget that our very best material should be in the legislature.

We don't wish to have anything to say about who should be nominated by the Republican convention, but we will advise the Republicans to vote for no one in the convention who will not pledge themselves before the convention to abide by its decision.

The campaign for New Hanover county has fairly opened. The committee have ordered the ward and township meetings for the 22nd, and called the convention for the county on the 25th of May. So we may look for a very lively time between the aspirants for office.

REPUBLICANS, see to it that men are nominated this time who will be able to qualify by giving the necessary bonds. You must recollect that if a man fails in giving the necessary bonds the County Commissioners, who will be Democrats, will fill the place by the election of a Democrat.

REPUBLICANS, when you send a man to the legislature, let him be qualified to properly represent you. When you send one who is not qualified, he is pointed at with the finger of scorn and contempt as the representative from New Hanover county, and he disgraces you. They don't recollect his name for he is not of sufficient importance, but they remember that he is from New Hanover county. The legislative ticket should be made up of our very best men.

SHERIFF.—We are reliable informed that one of the candidates for the Republican nomination for Sheriff, who has heretofore voted the Democratic ticket, is in daily consultation with leading Democrats of the city, and is asking and receiving their advice in his canvass, with the understanding that if he is not nominated he is to run independent, thereby splitting the Republican party. The above being unquestionably true, the Republicans should give him the go by, and not allow his organizers in their ranks simply for office.

THE CINCINNATI SOUTHERN RAILROAD.

This road which is designed to run from Cincinnati to Chattanooga, a distance of 336 miles is of a good deal of interest to Wilmington. If completed and our connections made over the mountains it will be the shortest line to Cincinnati and the northwest, placing our city less than 600 miles from the latter place. The people of Cincinnati lately, as provided by act of the Legislature of Ohio, voted on the question of indorsing \$2,000,000 of their city bonds for the benefit of this road, in addition to those already issued. They voted by a majority of a little more than 200 to reject the proposition. But a new act has been introduced into the legislature authorizing another vote, and it is probable that the question will be submitted again, it is hoped with better success. The debt of Cincinnati is already nearly \$24,000,000 and perhaps that is the reason why this great work has received from that quarter a temporary setback.

WORDS OF TRUTH AND SOBERNESS.

"The Washington Republican says: 'North Carolina is a Republican State when the popular voice is untrammelled.' The Washington Republican is trying to rival its neighbor, the Post, in the matter of jocoseness, and the above is one of its most elegant witlings."

"There is no levity in our declaration of the real political character of the state of North Carolina when the popular voice is untrammelled, for history fully justifies it. Up to the time when the Ku Klux organization in that state inaugurated a reign of terror and intimidated the people and trampled the popular voice by violence and outrage, it was a Republican state. Now, under these influences, and some follies and wrongs on the part of individual Republicans, it is Democratic. When the people are again left free to demonstrate their political sentiments and exercise the right of suffrage without improper interference and molestation, then North Carolina will once more become a sturdy Republican state. Democracy has shown its hand so boldly, and the inalienable rights of the people are so little respected and so poorly preserved under its rule, that they are ready for a change, and of entering heartily upon the work of effecting it. The 'true inwardness' of North Carolina is Republican, and with a fair chance it will be so demonstrated in an eminent degree. This may not sound poetic in the *Bourbon* ear, but it is nevertheless truth."

National Republican.

Every word expressed by the *National Republican* is true. North Carolina is a Republican state by twenty-five thousand majority, and the way that the Democrats carried it in 1876 was by fraud, corruption and bull-dozing. In the county of Onslow, they counted 800 more votes for Tilden and Vance, than there were on the registration books.

The independent raid which Montgomery Blair is making on the President is quite noteworthy. Those who know anything about the Blair, know that they are never anybody's implement. They always carry the Blair flag. When any one of them takes a particular street as he comes from breakfast, it means something. The father, old L. P., came nearer ruling Andrew Jackson than any other person ever did. When Lincoln became President it was thought worth his while to take Montgomery into his cabinet. His heels were on the tables of Andrew Johnson's ante-room until he took the cars for Greenville. Frank, with all his waywardness, was a power as he moved among men, and those who remember him during the fiery conflicts of 1854, have a warm side for him still. Montgomery lives just a hair's breadth over the Maryland line from the District of Columbia, and so he mysteriously turned up in the Maryland Senate. And then, very soon, the legislature at Annapolis passed an act requiring the state of Maryland to punch the President under the short-ribs. Montgomery tells every interviewer that he don't care a continental about anybody, and that he is his own adviser. There is undoubtedly a cat in the meal. Our Uncle Sammy Tilden, has borrowed the Blair brains, and for the time sits in Gramercy Park taking telegrams from Silver Springs.

Persons who wish to advertise their claims for office can do so in the columns of the Post by paying our advertising rates, but they cannot abuse their competitors in our columns.

CITY ITEMS.

POST ANNOUNCEMENT.

THE WILMINGTON POST will be issued on Sunday morning of each week, in place of Friday morning as heretofore.

Corn is plentiful and cheap in this market.

Lime sold cheap at auction on yesterday.

The weather has been very cold for the past few days.

The Episcopal Convention people have all left the city.

We call attention to the city advertisement concerning dogs.

District Democrats are busy working up their Congressional matter.

Col. Canaday has the street car line nearly completed on the fourth route.

The street cars are doing much better, persons are riding because it is convenient.

See ad. calling for a meeting of the magistrates of New Hanover county, by John Cowan, secretary.

There was an excursion down the river on Saturday last, for the delegates of the Episcopal Convention.

Most of the flags in port were at half-mast on yesterday, as a token of respect to the late Judge W. A. Wright.

A camp meeting under the auspices of St. Stephen's M. E. Church, commenced on yesterday down the river some 10 or 12 miles.

One of the engines of the W. & W. railroad, named in honor of Judge W. A. Wright, passed over the road yesterday draped in mourning.

The suggestion in regard to moving the shops of the C. C. railroad don't amount to anything, for the company are not going to move them.

Maj. C. M. Steadman and L. B. Grainger, returned from New York yesterday, where they have been attending to business for the C. C. railroad.

The Democratic Executive Committee for New Hanover county, have elected DuBrut Outlar, chairman, F. H. Darby, secretary, and Wm. Calder, treasurer.

There has been quite a large number of colored people in the city for several days from Newbern and Goldsboro. They were here attending a sort of Odd Fellows convention.

Capt. Divine, Superintendent of the W. & W. and W. C. & A. railroads, is visiting Richmond. He is in attendance at the convention of the Master Mechanics.

MILITARY.—The Wilmington Light Infantry Company held their annual meeting on Tuesday night for the purpose of electing officers. Walter Conney was re-elected Captain, Thos. C. Jones re-elected 1st Lieutenant, H. McL. Green re-elected 2nd Lieutenant, W. J. Gordon 3rd Lieutenant, or Junior 2d.

Capt. Thos. DeRosset was stricken with paralysis at the cemetery during the memorial services on last Friday, the 10th, while giving some command to his company, and had to be carried to his residence on Third street by his friends in a carriage. For several days his family physician and friends had but little hope of his recovery, but his situation is such now, that they have hopes that he will be all right in a short time.

CLERK OF THE SUPERIOR COURT.—We publish in our advertising columns E. H. McQuigg's announcement as a candidate for the office of Clerk of the Superior Court of New Hanover county. We can say for Mr. McQuigg, without casting reflections upon any other candidate, that he is in every way fully qualified for the position. He would make a very excellent officer, one who would give perfect satisfaction to all who have business with him. There is no man in this county who understands the business better than he does. If you want an honest man for Clerk, give it to McQuigg.

COUNTY COMMISSIONERS.—The Board of County Commissioners met on Monday last, proceeded to draw the regular venire of jurors for the June term of the Criminal Court, beginning on the first Monday in June; present, J. G. Wagner, chairman and Commissioners R. G. Worth and Duncan Holmes.

The following comprise the list of jurors drawn: John H. Hauby, C. F. VanKampen, Sol. Reeves, Quas Davis, Geo. F. Alderman, Robert Sweet, Edward J. Egan, James A. McCumber, John Cash, Thos. W. Howard, Edward Still, Thos. B. Carr, Wm. Buchanan, Edmund Jones, Henry Kuhl, C. G. Southard, Jacob W. Lowry, James R. Gottrich, Geo. Lillingston, Geo. A. Peck, Garret Walker, Edward McCabe, C. G. Redd, Clayton Giles, Wm. Pratt, Robert Henning, C. C. Morse.

On motion, the Board then adjourned.

DEATH OF A DISTINGUISHED CITIZEN.

A profound gloom was spread over the city on Wednesday by the announcement of the death of the Hon. William A. Wright. He was the third son of the late Hon. Joshua G. Wright, an eminent man of his time, and his ancestors were of the earliest settlers on the Cape Fear. He was born in this city on March the 1st, 1807. He graduated at the University, and at an early age entered the practice of law in this city and has pursued it during his long and useful life. He has held but few official stations and none which were sought by him. He was made a Director in the Wilmington & Weldon Railroad at its chartering in 1842, and remained as such, as well as its attorney, to the day of his death, and was beyond a doubt the oldest railroad Director in continual service on the continent of North America. His superiority as a safe legal adviser in all matters relating to corporate bodies was accorded to him by all. He was also a man of rare acquirements in general law and in letters.

Unheralded and unexpectedly he passed to his last rest as quietly as he had lived, leaving behind him the record of a life which might well be imitated by others who have left behind, and a memory which will long be cherished in the hearts of those who have experienced his kindness of manner and his charms of converse, and that courteous urbanity which was never absent from his high bearing.

THE NATIONAL MEMORIAL DAY.—The committee are making extensive and elaborate preparations for Memorial Day. There will probably be the largest turnout since the war. A great many of the citizens of the state have signified their intention to be present for the purpose of participating in the decorations. The orator of the day is busy preparing his address, which we can pledge the public will be very interesting. The Marshal, Master of Ceremonies, and Chaplain, have not yet been selected.

See ad. of the Republican Executive Committee calling a Convention.

The New Orleans Times pleads guilty to a stunning surprise. The spectacle of Gen. Carlisle and Ben Butler, advocating New Orleans interests against the bitter opposition of Northern and Western Democrats, it pronounces amazing, and wants somebody to forecast the future of such things continue.

The New York Sun says a Leipzig correspondent of the *Ulen Herald*, describing a German student's beer-drinking, says:

The chief end to aim at is swallowing of an enormous quantity. Or perhaps the competition will be one of speed, to see who can swallow a glass of beer in the least time.

Bayard Taylor will astonish the German students in that kind of competition. If they have any beer-buzzers who can come up to him, either in swallowing an enormous quantity, or in swallowing a glass of beer in the least time, the name of that champion should be made known to the world.

The following from the Cincinnati *Star* is chucky even for Democracy:—President Hayes has been requested by the St. Louis Democrat "to vacate the office which he now holds by fraud and in defiance of the will of the people." The mild and modest request was duly mailed to President Hayes and the President and members of the Society in the meantime hold their breath and await a reply.

From the St. Louis *Journal* we learn that the Republicans of Indiana are working up a good deal of enthusiasm for the coming campaign, and are united in a determination to carry the state and secure a majority in the legislature in order to rid themselves of Voorhees in the Senate. Gen. Harrison is looked upon as the natural leader of the party, and is expected to be chosen to preside at its nominating convention. While the Republicans are as devoted as ever they were to the party, there is scarcely a mention heard of the President or his policy. This is sufficient.

The New York *Sun* says: The married man Greeley of Indianapolis, who shot a married woman dead at a church door because she refused to continue an unlawful intimacy with him, and who was to have been hanged yesterday, was reprieved by Gov. Williams. The plot in extension was that Greeley loved his victim to insanity. Many persons have actively interested themselves to obtain a commutation of his sentence to imprisonment for life, and Gov. Williams, in granting the reprieve, deferred to the growing repugnance to the infliction of the death penalty.

The *National Republican* has the following:—"While the Opposition gloats over alleged discoveries of letters to and from President (then Governor) Hayes, and Messrs. Sherman and Noyes, pending the electoral count in Louisiana and Florida, it is well not to forget the telegrams of Pelton, Grover, Kellogg, and company, pending the Oregon count. All that Hayes asked in his letters was that the Returning Boards should do their duty. Pelton, the blood relative representative of Filken telegraphed to his Oregon anti-patrons advising them to 'buy a Republican elector; make payment contingent on result in March, and draw for any amount required.' There is a marked difference between these two sides of the question."

Important to B. Dicerents

(From the New York Herald.)

We publish to-day a list of one hundred and seventy-one steamers available for transformation into armed cruisers, which can be bought in this country by any one who has the money and will pay the price. Nearly all of these vessels are new. They vary in size from five hundred to five thousand tons. They are stately ships, built both for service and for speed, and are just what is wanted by a nation that proposes to go to war and needs a ready-made navy to cut up its enemy's commercial resources. These ships can be warranted to completely Albanian English commerce if properly equipped and commanded by the right sort of men. Russia can have them all if she plunks down the cash at once, otherwise a portion will probably fall into the hands of England, which is also reported to be on the lookout for good steamers for sale. It is reported that the prices asked for ships have suddenly increased very greatly, and that buyers are likely to be driven to other countries by this folly of owners, who are likely to spoil their market through their greed. This sudden demand for American steamships, if taken advantage of, might give an impetus to our shipbuilding and make business lively in that branch of trade.

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Coughs, &c., who have no personal knowledge of Boech's German Syrup. To such we would say that 50,000 doses were sold last year without one complaint. Consumers try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

People are getting acquainted and those who

are not ought to be with the wonderful merits of

that great American Remedy, the

MEXICAN

Mustang Liniment,

FOR MAN AND BEAST.

The Liniment very naturally originated in America,

where Nature provides in her laboratory such

surprising antidotes for the maladies of her chil-

dren. Its fame has been spreading for 25 years,

until now it encircles the habitable globe.

The Mexican Mustang Liniment is a matchless

cure for all external ailments of man and beast.

To stock owners and farmers it is invaluable.

A single bottle often saves a human life or re-

covers the usefulness of an excellent horse, ox,

cow, or sheep.

It cures foot rot, hoof ail, hollow horn, grub,

renew worn, shoulder rot, mange, the bites and

stings of poisonous reptiles and insects, and every

such drawback to stock breeding and bush life.

It cures every external trouble of horses, such

as lameness, scratches, swelling, sprains, founder,

wind-gall, ring bone, &c., &c.

The Mexican Mustang Liniment is the quickest

cure in the world for accidents occurring to the

family, in the absence of a physician, such as

burns, scalds, sprains, cuts, &c., and for rheuma-

tism, and stiffness engendered by exposure. Par-

ticularly valuable to Miners.

It is the cheapest remedy in the world, for it

penetrates the muscle to the bone, and a single

application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three

sizes of bottles, the larger ones being proportion-

ately much the cheapest. Sold everywhere.

STRICTLY A REPUBLICAN PAPER.

Devoted to the interests of Wilmington and

the State of North Carolina, as well as

The Great Principles of the Na-

tional Republican Party,

THE WILMINGTON POST.

WILMINGTON, N. C.

FRIDAY MORNING, MAY 17, 1878.

The Republican papers in North Carolina, and the places they are published at, are as follows:—

Register, Raleigh; Carolinian, Elizabeth City; Spirit of the South, Rockingham; American, Statesville; New State, Greensboro; Pioneer, Asheville; Republican, Winston; Post, Wilmington.

BOARD OF ALDERMEN.—The Board of Aldermen met at the City Hall on Monday last at 4 o'clock; present, His Honor, Mayor Fishblade, and Aldermen Flanner, Bowden, VonGlaben, Myers, Voller, Foster, King and Lowery.

The application of S. A. Currie and T. J. Southland, for a reduction of tax on livery stables, was indefinitely postponed.

The Finance committee recommended that a bond and coupon book be kept in the Treasurer's office. Adopted. The application of W. J. Behmann, for payment for services in the late Treasurer's office, was referred back to the Finance committee with power to act.

The petition of T. J. Southland, for permission to erect a wooden carriage shop, with fire proof roof, on a vacant lot situated on Second, between Princess and Chestnut streets, was, on motion, deferred for action until the next regular meeting.

The reports of the Superintendent of Health for the months of March and April were received and ordered to be placed on file.

On motion, the Secretary and Treasurer were directed to have five hundred copies of the Tax Ordinances printed for distribution.

On motion of Alderman Foster, a committee of five including the Mayor, was appointed to confer with the officers of the C. C. Railway with a view to having the shops of said company located in this city.

The Mayor announced as the committee, himself, and Aldermen Bowden, Voller, Foster and Lowery.

The Treasurer read his financial statement for the fiscal year ending March 31, 1878, and, on motion, he was directed to have it published one time.

On motion, the Board adjourned.

The Coquette; or, The Life and Letters of Eliza Wharton, by Mrs. Hannah Foster, wife of Rev. John Foster, of Brighton, and daughter of Grant Webster, of Boston, with an Historical Preface and Memoir of the Author by Jane E. Locke, is published this day by T. B. Peterson & Brothers, Philadelphia, and makes the Eighteenth volume issued of Peterson's Dollar Series of New and Good Books, which are the largest, the best, the handsomest, as well as the most popular and cheapest series of books ever published and sold at one dollar each. The interest in the fate of Eliza Wharton, to be explained only by the air of mystery which surrounds her. Miss Wharton, the heroine, had been a reigning belle in New England, and the idol of society for many years. Her first accepted lover was a Boston clergyman, who died; her second, who treated her shamefully, was also a New England clergyman of wide renown; and her last was her favored lover and cousin, Pierrepont Edwards, ranking with Aaron Burr, another cousin, in beauty, audacity and fascination. The author represents Miss Wharton as handsome, bright and vain, falling a victim to her caprice and ambition, and states that in the mid-summer of 1788, she arrived at the Bell Tavern, in Danvers, a woman of distinguished appearance and beauty, who gave the name of Mrs. Walker, and wished to wait there for her husband's arrival. Weeks passed on, but the husband did not come. In July, she died, and was buried in the Danvers graveyard. It was not till after her death, that her friends, who were seeking her, learned of her sad fate; and stones bearing her name, "Eliza Wharton," were erected at each end of her grave, and how year after year a lady and gentleman visited her grave, but came no one knew whence, gave no name, and went no one knew whither. Her grave became a place of pilgrimage; relic hunters climbed away the head and foot-stones of the heroine, and lovers plighted their troth amid the whispering of the unknown grass.

"The Coquette; or, The Life and Letters of Eliza Wharton," is published in one large duodecimo volume, elegantly and substantially bound in vellum, and embossed in gold and black, price one dollar, and will be found for sale by all booksellers, and on all railroad trains, or copies of it will be sent to any one, to any place, post-paid, on remitting one dollar, in a letter, to T. B. Peterson & Brothers, Philadelphia, Pa. For sale by P. Heinsberger at his Live Book and Music Store, Wilmington N. C.

The Supreme Court of the State of New York has decided that J. C. Ayer & Co., of Lowell, have the sole right to use the words Cherry Pectoral for a medicine, and has issued an injunction against F. V. Rushton, of New York City, for selling Rushton's Cherry Pectoral or Cherry Pectoral Lozenges, or any other use of the name to deceive the public. This decision of the high court includes all dealers who sell any similar article.—*Port Jefferson (L. I.) Leader.*

Gen. Ben Butler has been mentioned as the National, or Greenback, candidate for Governor in Massachusetts, and the Springfield Republican says the notion that he will enter the field as such a candidate is growing.

Building is on the increase, and the mechanics seem to be busy.

Ladies who value their complexion should preserve their health, and should guard against a torpid liver. Dr. Harter's Liver Pills cleanse from all impurities, and the Iron Tonic gives freshness and vigor.

It is only in the most fertile sections that Fever and Ague become a scourge. Happily for our race, Dr. Harter's Fever and Ague Specific is an infallible remedy for all forms and degrees of malarial disorder.

An Astonishing Fact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flowers. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western continent.

Our personal appearance is a matter in which our friends and acquaintances have a right to a choice whether we shall inflict upon them an exterior uncared for and unattractive, a countenance marred by a neglected grizzled beard, or a crown guiltless of covering, half covered or thatched with white hairs, or whether we shall in deference to our fellows, pay due regard to our own persons, and make them presentable and acceptable in society. There are many helps for those who desire to do this, and there are none among them more acceptable than Hall's Hair Renewer and Buckingham's Dye for the whiskers. Both these preparations are kept for sale at all our drug stores, and if any of our friends are looking a little the worse for wear we advise them to make a note of it.—*North Star, Danville, Vt.*

SMITHVILLE, May 6th, 1878.

Editor of the Post:

This little city by the sea was quietly aroused of its usual tranquility by the announcement that the places where the essential oil of happiness of the place was depressed were all closed. On investigation it turned out to be election day for a new set of City Fathers for the ensuing year, and so disgusted were the patriots of said institutions of liberty, that they neglected to respond to the calls of country, and as a natural result a very small vote was polled—some 30—and all for P. Prioleau, Esq., for Mayor. Two of the members, however, appear to be conscience-stricken Republicans, who felt that for trade's sake it was time to redeem themselves. The severe storm played havoc with many of the beautiful shade trees of the place, and in one or two instances blew down old houses. It was very severe about 3 a. m. Sunday morning. The masters of the barque Marie, and Reckor Steen, report the gale very heavy on the coast.

Yours,

ARON.
